Dance Floor and Staging Guidelines

When calculating dance floor generally, 35% to 50% of the people dance at any time. Each person requires about 4 square feet of dancing space.

There are several factors to take into consideration when calculating dance floor space required. Such examples would be: What time is your event? What is the age of your guests? What type of music will you be playing? Only you know your guest, determine who will be attending to avoid having a dance floor that is way too large, or not large enough.

These are only recommendations listed below; please contact our event coordinators to assist you in calculating the perfect size dance floor or staging for your special event.

3X4 Oak Panels (Indoor or Outdoor use)

Size	Square Feet	Guest
9' X 12'	108'	27
12' X 12'	144'	36
12' X 16'	192'	48
12' X 20'	240'	60
15' X 16'	240'	60
16' X 18'	288'	72

12"X12" Lament Flooring (Indoor Use)

Size	Square Feet	Guest
8' X 8'	64	16
10' X 10'	100'	25
12' X 12'	144	36
14' X 14'	196	49
16' X 16'	256	64

3'X3' Oak Panels (Indoor or Outdoor use)

Size	Square Feet	Guest
9' X 9'	81'	20
12' X 12'	144'	36
